Dear Ms. Angela Baker,

I am applying for the animator position at Insomniac Games. As an animator with seven years of professional experience in producing a variety of successful 2D and 3D animation projects I have the artistic talent, collaboration skills and technical aptitude necessary to make a significant impact on your team.

My background includes creating quality 2D and 3D animation for theater, museum exhibits, and events. With solid proficiency in using Maya, Cinema 4D and After Effects to create animations and experience working as part of a team, I am confident that my talents and abilities will notably benefit Insomniac Games.

Highlights of my experience include:

- Delivered character-driven 3D-animated material and high-impact motion graphics
- Worked with animators, video editors, and producers to complete a variety of projects
- Supported animators on workload overflow

With my keen ability to evolve and complete animation projects, combined with my passion for producing high-quality products, I am prepared to contribute my animation skill on the next release. Thank you for your consideration, and I look forward to the opportunity to speak with you about my qualifications for the position.

Sincerely,

Adrian Zambrano
